## What's New in Cumberland County?

### SIMULATE Launching ETA Lumis Foods

SIMULATE, a tenant within the The Authority's Food Specialization Center, is launching ETA Lumis Foods, which is a business that will be able to co-manufacture plant-based products at the Bridgeton site. The layout of the Food Specialization Center and the specific production equipment that will be housed there provide state-of-the-art technology for start-ups and new brands, with no limits on the size of production runs. The equipment will make ETA Lumis Foods one of the only manufacturers in the U.S. with this technology. The blast freezers will permit safe storage of the new products. The Authority is proud to partner with these companies providing plant-based manufacturing on-site and supporting newly established businesses in this market.

December 2022

## What's New at the Solid Waste Complex?

### 2022 Waterways Cleanup

The Authority hosted its 30th Annual Waterways Cleanup, sponsored by the Cumberland County Clean Communities Program. The cleanup took place on several weekends between September 24 through November 5. The Waterways Cleanup was held in conjunction with the annual Ocean Conservancy's International Coastal Cleanup (ICC), hosted by the New Jersey Clean Communities Council. With the help of The Authority and the Cumberland County Clean Communities program, a total of 147 people registered for the cleanup. The Authority's Clean Communities program provided gloves, trash bags, and post-event trash pickup to ensure proper disposal. A total of 1.87 tons (3,730 pounds) of waste and car tires were removed from various locations in Cumberland County and were properly disposed at The Authority's Solid Waste Complex. The Cumberland County Clean Communities Program would like to thank its volunteers for their efforts, as we strive to Keep Cumberland County Beautiful!

### Deerfield Township Renters Notice

Deerfield Rental Residents: to continue to use the Customer Drop Off Center/ Convenience Center in 2023 under the free-disposal program, renewal registration is required. Renters who do not renew their registration will be unable to dispose of items under the free Deerfield Resident Program. To renew in person, a valid driver's license and proof of Deerfield Township residency is required as well as the name of the property owner of your rental. In person and over the phone registration renewal hours are Monday through Friday 9:00am-3:00pm at the Solid Waste Complex Admin Building, 169 Jesse Bridge Road, Millville, NJ or call 856-825-3700 x2170.

**The Solid Waste Complex is no longer accepting residential concrete. Please contact Kennedy Concrete Inc. or Winzinger, Inc. for your concrete disposal needs.**
