LEADERSHIP  
Cumberland  
County

## Overview

Thriving regions require visionary and engaged civic leaders. Leadership Cumberland County is a personal and professional leadership development program that exposes participants to a comprehensive view of our region's resources, assets, and challenges.

## Format

Program attendees participate in a series of 8 interactive learning days (7 hours each) and travel across the county. The class also develops and implements a community service project. Leaders from across the region contribute to the monthly workshops, tours, and discussions. There is also a two-day orientation and retreat in the fall of each year.

## Cost

Tuition is \$700 which is inclusive of all meals, materials and transportation. A limited number of partial scholarships are available on an individual basis.

## Who should attend?

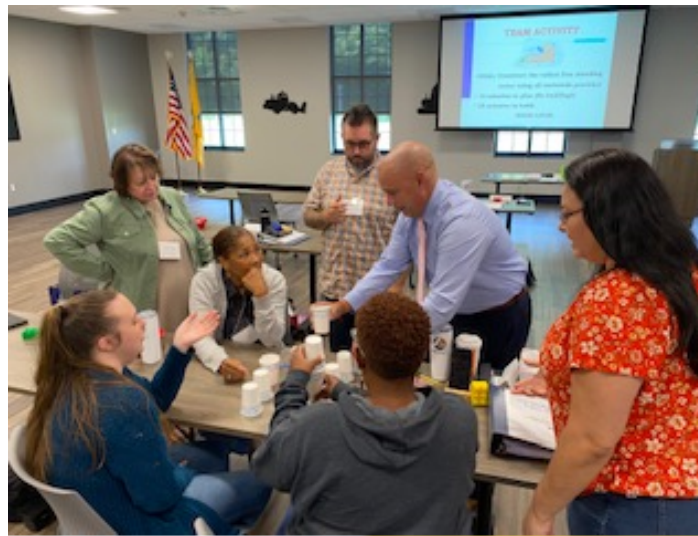

Anyone interested in enhancing their personal leadership skills and increasing their community awareness.

## Join over 400 alumni

who have examined the role leaders play in finding solutions to critical regional challenges. Each month, November to June, the class will participate in learning days that combine leadership lessons with eye-opening community awareness workshops on these topics:

- education
- criminal justice
- governance
- health and human services
- arts and culture
- environment and sustainability
- economic development

“

I learned an incredible amount about Cumberland County, even though I thought I had a really good understanding of the region. In addition, the personal and professional networks I developed from LCC have been invaluable resources to me.

“

The diversity and comprehensiveness of the LCC program was so impressive. I met key players in so many sectors of the county. As a result of LCC, I am committed to being more engaged in being part of the solution to our region's challenges.

I am proud to be a graduate of Leadership Cumberland County. I gained valuable insight into my leadership style and capabilities through participation in this program. I also learned things about the county that I did not know even though I am a lifelong resident. Being a Leadership Cumberland County graduate allows me to give back to up and coming professionals who will lead Cumberland County into the future.
